

# Quality Policy

## Stainless Metals & Alloys Limited

**Stainless Metals & Alloys Limited** has embraced the philosophy and approach of the Quality Standard ISO 9001:2015 as the recognised model on which to base its Quality Policy and Quality Management System that in turn are interlinked and support the company's business strategy.

**Stainless Metals & Alloys Limited** regards the achievement of "total customer satisfaction" as a key business objective and is fulfilled through the effective application and continual improvement of the company's Quality Management System.

**Stainless Metals & Alloys Limited** places emphasis on identifying and managing risk within the business to ensure sustained supply of products that fulfil its customer specifications and requirements together with compliance to national, international and regulatory legislation.

**Stainless Metals & Alloys Limited** has declined the responsibility for product and service design.

**Stainless Metals & Alloys Limited** undertakes timely review of its Quality Policy to ensure its ongoing effectiveness and suitability, together with continual measurement and evaluation of its business performance indicators to ensure achievement of targets against business strategy objectives.

**Stainless Metals & Alloys Limited** communicates this policy to employees, sub-contractors and visitors and is available for review by interested parties.

**Stainless Metals & Alloys Limited** encourages the development, involvement and motivation of its workforce in order to achieve sustained profitability and growth using an ethical and innovative approach.
